

SOULCONNECT

YOU DON'T HAVE TO GO THROUGH IT ALONE.

SoulConnect is a safe, anonymous and supportive community where people can **connect, heal, grow** and live a more balanced life.

THE PROBLEM

Millions of people struggle with anxiety, stress, loneliness, depression, grief and many other challenges—yet often feel isolated and don't know where to turn.

People need a safe space to be heard, understood and supported.

THE MISSION

To build the world's most trusted community that empowers people to:

- ♥ Connect with others who truly understand
- ♥ Build small daily wellness habits
- ♥ Access professional support when needed
- ♥ Feel less alone and more in control
- ♥ Live a happier, healthier and more balanced life

HOW SOULCONNECT WORKS

WHY I'M BUILDING SOULCONNECT

For the past 8–9 years, I've been living with anxiety. It has been a long and challenging journey. I still consult a psychiatrist and take medication.

Through this, I realized how lonely and overwhelming it can feel when you're struggling—and how powerful it is to have even one person who understands.

That's why I'm building SoulConnect.

My goal is not to build another startup to earn money. My goal is to help people come out of mental health struggles, live happier, balanced lives and together make the world a better place.

If SoulConnect can make even a small difference in someone's life, I will consider that my greatest success.
